TURNKEY PROJECTS

Chufani Constructora has demonstrated its ability to deliver turnkey projects by executing all stages of design and construction processes, delivering buildings ready to operate to the client.

LEAN CONSTRUCTION

The capabilities of the Chufani Team for the development of a reliable and profitable work schedule to efficiently carry out the design, pre-construction and construction phases of the project are possible through the use of the Lean Construction philosophy in all its projects, ensuring value maximization and loss reduction from construction activities.

The principles of Lean Construction are:

- Project management under a collaboration scheme.
- Improvement of the cost-time-quality-safety relationship.
- Detection and elimination of loss of time and materials.
- Construction process based on the “Just in Time” methodology.
- Quality first
- A clean workplace is essential to avoid unsafe activities.
