One pager 2023

Energía Renovable de América is a company that promotes environmental care through eco-technologies, which generate economic savings.

At our factory located in Charo, Michoacán, we produce around 80,000 solar heaters per year, which are distributed throughout the country.

100% MEXICAN COMPANY, the only national brand in the market.

Having an ERA solar heater not only represents savings. It also means a decrease in CO2 emissions to the planet.
